

Merchant SecureAssist™

Fast, easy PCI compliance

Why card data security is important:

- A data breach can cost tens of thousands of dollars
- 90% of breaches involve small merchants*
- Nearly 80% of reported breaches occur in food, beverage and retail businesses*
- 30 million data records were compromised in 2011**

*2012 Trustwave Global Security Report

**Privacy Rights Clearing House

Merchant SecureAssist is a low cost, easy-to-use PCI compliance and breach assistance solution. It helps you to keep your customers' payment data secure, meet PCI DSS standards, and protect your business from certain costs related to a data breach.

Merchant SecureAssist provides PCI compliance services via Trustwave TrustKeeper® PCI Manager, an online PCI security monitoring tool. It also includes 24x7 phone support from Trustwave's PCI specialists and \$100,000 in breach assistance if needed.

Benefits and Key Features:

Become PCI Compliant Quickly and Easily

- TrustKeeper® PCI Manager is a simple online tool that guides you through the compliance process one step at a time
- Unique PCI Wizard and To Do List provides simple, actionable tasks required for compliance
- Monthly network scanning tests for over 6,000 operating system and application vulnerabilities

Maintain Compliance and Stay Protected

- On the systems where it is installed, TrustKeeper Agent helps monitor compliance efforts over time by continuously running in the background and detecting prohibited data
- Security Policy Advisor offers a set of templates and guidelines to help you develop your own data security policies and procedures

Peace of Mind: Breach Assistance

- Breach Assistance provides up to \$100,000 for certain costs associated with a data breach, including:
 - Mandatory forensic audit required by PCI-DSS
 - Credit card replacement costs
 - Fines levied by the card associations

Support and Services

- 24/7 live customer and technical support to help with SAQ and scans
- Easy-to-understand online support materials and tutorials break down each step of the compliance process
- Trusted Commerce® Website Seal and printable Certificate of Compliance assures customers your business is secure

Help protect your business from a payment data breach today!
