

To Whom It May Concern:

Attached is a picture of the front of our house and the breezeway remodel. We were very happy with the work done and so pleased that it was completed in less than 2 weeks. They were so careful to clean up after their work and really took great pride in their workmanship. My house looks so fresh and clean and several neighbors have called to say how much they like it also. I highly recommend Southwest Roofing for all types of remodeling. They replaced the siding on my detached garage, replaced the worn out breezeway and installed a proper roof structure and then power cleaned the complete house and driveway, sidewalk, and patio before painting it all.

Good job.
