

May 2016

Dear Patients,

Due to a lack of cooperation from several East Bay Area imaging centers which have caused delays in patient care, we are primarily only able to schedule with the following imaging centers.

**Diagnostic Imaging at Sutter Solano Medical Center (Vallejo)**

**Sutter Imaging at Sutter Medical Foundation (Fairfield & Vacaville)**

**Northern California PET Imaging (Vallejo)**

**Vallejo Open MRI**

**Vacaville Imaging / RADnet**

**Medical Center Magnetic Imaging (Oakland)**

We understand that you or your insurer may prefer a different imaging center. If you request, we will do our best to work with them, but please understand there is a risk for delay in your imaging appointment and a higher risk of financial responsibility due to their billing practices.

We appreciate your understanding that we have chosen to work with the facilities that have demonstrated their dedication to meet or exceed our expectations for patient service and care.
