

## Discovery "Mayberry"

October 22, 2018

Today we discover Andy Griffith's hometown, Mt Airy, NC, the inspiration for "Mayberry." We embark on a guided tour which includes **Floyd's City Barber Shop**, Andy's boyhood home, granite buildings, the world's largest open faced granite quarry, and replicas of **Wally's Service Station** and the **Mayberry Jail and Courthouse**. The **Moravian Church** is on the tour route...where Andy Griffith was a member but also took trombone lessons. We'll also see the **Andy and Opie statue** plus a collection of memorabilia from the **Andy Griffith Show** at the **Andy Griffith Museum**. Lunch is included at **Snappy Lunch**, where on many occasions a young Andy Griffith would walk from school to have lunch.
