ROLL-AWAY®

DISAPPEARING WINDOW SCREENS

ROLL-AWAY® WINDOW SCREENS ARE NOW APPEARING AND DISAPPEARING EVERYWHERE

Disappearing Screens

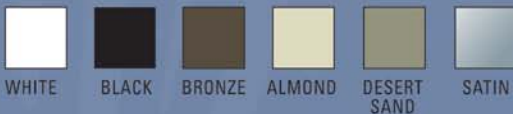

ROLLS DOWN WHEN YOU NEED IT. ROLLS AWAY WHEN YOU DON'T.

Roll-Away®, the disappearing window screen. In its concealed position, an unobstructed view and 20% more light. In its closed position, insect-free ventilation. A custom screen with unlimited applications for the discerning buyer looking for a quality alternative.

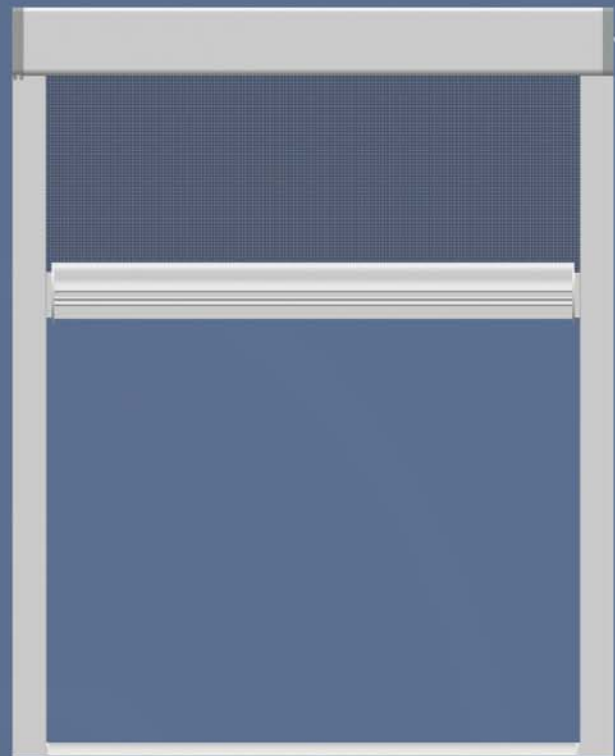

ROLL-AWAY® WINDOW SCREEN FEATURES AND BENEFITS

- A** **LOW PROFILE DESIGNED HOUSING** - The housing, guides and drawbar are fabricated with tempered aluminum extrusions with baked on thermal setting polyester enamel finish.
- B** **SPRING TENSION CONTROL** - The spring tension adjuster allows the optimum pull when retracting the drawbar. A simple series of turns with a screwdriver adjusts the spur gear to increase or decrease the tension.
- C** **MAGNETIC ASSIST POSITIVE LATCH** - Engineered with the ease of unique fingertip latching when moving the drawbar to the sill, while the rotation of the drawbar to unlock prevents accidental release.
- D** **MESH LOCK™** - The Roll-Away® screen uses double weather stripping in the guides to form a Mesh Lock™ that not only keeps the insects out but keeps the screen in place during windy conditions.

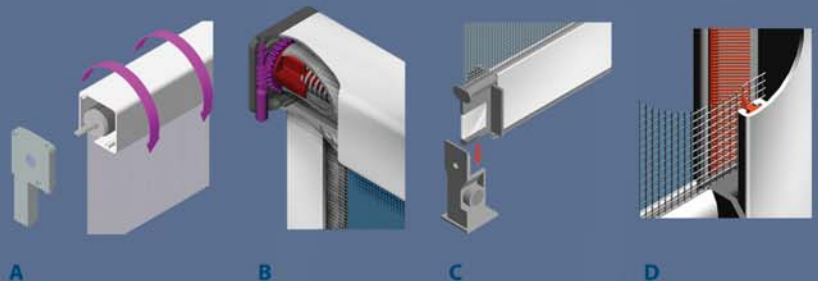

AVAILABLE IN 6 POPULAR COLORS - We offer six basic colors. Custom created colors are available as well. Contact your local dealer for details.

LIMITED LIFETIME WARRANTY - Roll-Away® window screens are warranted to the original purchaser against defects in material and workmanship (excluding the screen) for a lifetime, providing installation is in accordance with the manufacturer's recommendations.
