Retractable Window Awnings  
by Accent Awning Company

*Sun when you want it...*

*Shade when you need it*

Fully Retracted For View

Partially Extended & Shading

Fully Extended for Total Shade

## RETRACTABLE WINDOW AWNINGS • Elegant, Practical & Effective

Retractable window awnings, by ACCENT, offer the ultimate in versatile solar control. The adjustable design allows you to control exactly how much sun enters the window. Exercise efficient heat control in any room by blocking the sun's rays before they penetrate the glass and are converted into heat. The ideal solution for those annoying "hotspots" that seem to plague every home. Convenient manual, motorized or fully automated operation, provides instant shade on demand!

Without Hood

With Optional Hood

# ROBUSTA

## Window Awnings

The ROBUSTA is a heavy-duty retractable window awning that is ideally suited for both large and small applications. The ROBUSTA may be operated from the outside with either a manual crank or a motor, or from the interior with a motor. Additionally, the ROBUSTA may be ordered with an optional aluminum hood for protection of the fabric when retracted.

# It's time you took control...

Now it's easy to control the sun with your ROBUSTA retractable window awning. The ROBUSTA may be operated manually, or you can control the light and shade automatically with available Somfy® brand electronic motors and controls. Unlike many other brands the Somfy® motor meets all UL and CSA standards. This ensures years of quiet, trouble free operation. All Somfy® motors are backed by a five-year limited warranty and require no maintenance or lubrication. Be sure to ask your Sales Representative about the wide array of available options such as automated sun & wind sensors or remote control systems.

Traditional, effective and attractive

ACCENT'S retractable window awnings are offered in over 150 distinctive colors, stripes and patterns. The ROBUSTA is manufactured with 100% solution dyed acrylic fabric by Sunbrella® and is guaranteed not to fade, rot or mildew. Durability, low maintenance, and a wide selection of fabrics mean there's bound to be a shade that's right for you.

Retractable window awnings will add a classic European charm to your home. You will enjoy significantly lower energy bills as the radiant heat inside your home is lowered the natural way. With electricity costs what they are today window awnings can pay for themselves! ACCENT dealers know that offering a quality, dependable and attractive awning system results in consumer satisfaction, referrals and repeat sales.
