BUSINESS NEWS

BUILDING OUR BUSINESS

Eastex Glass & Mirror has been in business in the same location since 1972. As times change and business grows, so does our need for a new, larger facility. With the increased ability to serve a larger area and multiple jobs of various sizes, we have outgrown our current location. We are breaking ground on our new facility this month and plan to be moved in and operating out of our new facility by the end of the year.

We would also like to announce our recent consolidation with our sister company, Tyler Glass & Mirror, in Tyler, Texas. We are excited about our new growth and look forward to servicing a greater part of East Texas and Louisiana. [\(BACK TO TOP\)](#)

SEPTEMBER PROJECT HIGHLIGHT - Lake Creek High School, Montgomery, TX

This month's project spotlight is the Lake Creek High School Project in Montgomery, Texas. Recently completed in June of 2018, this project was contracted with Drymalla Construction. It features over 21,000 Square feet of Curtain Wall and 11,000 square feet of Storefront. Some of the products used in this project include Aluminum manufactured by OldCastle, and glazing supplied by Trulite. Eastex Glass enjoying partnering with Drymalla, and look forward to working with them in the future. [\(BACK TO TOP\)](#)

PERSONAL FOCUS

EMPLOYEE SPOTLIGHT - Michael Kenney, *President/General Manager*

Michael has been President and General Manager of Eastex Glass for 22 years. He graduated from McMurry University in 1994 with a Bachelor in Business Administration. He has been married to his beautiful wife Mitchie for 26 years and their daughter Katelynn turns 14 this month.

As for the future of Eastex Glass, "I hope to see Eastex Glass continue to grow with our clients, we have been very fortunate to partner with some of the best GC's in Texas. As our client base continues to expand, we too are planning for our future growth. We are doubling the size of our office as well as our manufacturing facility. With the combination of increase size and fully automated fabrication equipment, we look forward to providing an even greater product to our clients for many years to come." [\(BACK TO TOP\)](#)
