In order to streamline your waiting time when you check in, **we ask you to review and complete both the front and back of the enclosed forms.** You may fax the completed forms to us in advance, or bring them with you to your appointment.

We are committed to making our services as affordable as possible. We are happy to file your insurance for any covered services. **Co-pays, deductibles and non-covered services will be collected at the time of service or purchase.** We accept all major credit cards as well as cash and checks. **Easy payment plans are available for elective procedures such as LASIK and advanced technology intra-ocular lens implants.**

- ❖ **We are Preferred Providers with many medical and vision insurance plans. Some require the patient to obtain prior authorization, a referral from a primary care physician, or check a list to select a participating doctor. If your plan has such requirements, please be sure you have obtained the proper documentation before your appointment. Feel free to contact us if you need assistance with this.**
- ❖ **We are currently not participating providers with United Healthcare Medicare Advantage HMO Plans such as AARP and Medicare Complete / Secure Horizons.**

Please bring your current medical insurance card and vision plan ID, to your appointment. You will be asked to provide a photo ID at check-in. On some occasions, according to your symptoms, “routine” vision exams turn out to be medical eye exams, and we want to be able to assist you in obtaining the highest level of benefit available.

If you have any questions, please call our appointment office at 755-6111 or 800-522-3937. You may also email any questions or paperwork to [cindy@hummeleye.com](mailto:cindy@hummeleye.com).
