SPRING
2017

2200 Hamilton Place Blvd. | Chattanooga, TN 37421 | (423) 899-3664 | www.chattanoogasews.com

Dear Sewing Friends,

Welcome SPRING! That means warmer weather, birds singing, beautiful blooms and, unfortunately, the accompanying yard work. Hopefully you can squeeze in some time for embroidery and sewing projects.

We have looked in the Suggestion Box and are including many of the classes you have requested this quarter. Be sure to check out the Guide and Specialty classes. We hope you will find one that is just right for you. We welcome your class ideas.

Whether you are an experienced embroiderer or new to embroidery, we invite you to attend the All About Embroidery group that meets on the 4th Monday of each month at 10 AM. The fee is only \$10. You will watch an instructional video about various embroidery techniques, you will learn a tremendous amount of information about the many different types of stabilizers and you will learn how to make a different project each month. The program is applicable to all machine brands.

Quilters, take note! We are stocking a selection of jelly rolls and fat quarters. They go fast, so come in to see the selection. Another new item is the 2 1/2 inch ruler from Missouri Star. This is a great tool to have if you are working with jelly rolls. Additionally, we now have the binding tool. It makes joining the binding ends so much easier to do.

We are simply amazed at what the sewing/embroidery machines can do today. If your machine has some age to it, we encourage you to come in and see the new technology incorporated in today's machines. Don't be intimidated by the technology. It actually makes sewing and embroidering easier; and we offer guide classes to educate you and familiarize you with the new machines purchased at Chattanooga Sewing. Also, we will provide ongoing help or additional training that you may need.

Based on many requests from you, one of our new classes is Computer 101. It is a free class and is a prerequisite to take BEFORE you enroll in any of our software classes. You will learn basic computer skills and how to download and transfer designs to your machine.

Look forward to seeing you in the store soon!
Sandra and Staff

Please note:

Daily specials and other announcements will be announced via email as well as on Facebook. Please make sure that you don't miss out by ensuring we have your email address.
