Welcome to Dr. Rao's office! We know that a lot of thought and consideration goes into choosing the right physician to suit your needs, and we sincerely appreciate the confidence and trust you have placed in us. We know that your time is valuable, so to make the time spent in our office as useful as possible, please follow the instructions below:

- Please fill out the forms provided and either mail or fax them back to our office **at least one week before your appointment**. These forms are:
 - Registration Form (if not already completed on the patient portal)
 - Medical Questionnaire
 - Signed consent forms
- Additionally, please include the following:
 - Include a copy of the patient's insurance card (front and back), with the patient's name and date of birth written on the copy. Using this, we can verify your benefits prior to your appointment and address any related problems ahead of time.
 - If we are seeing your child, please include a recent photograph for your child's chart. Dr. Rao uses this as a visual aid when talking to you on the phone.
 - Include copies of any lab reports or testing done in the past that you would like Dr. Rao to review (i.e.: blood, urine, stool, or allergy testing.) **Note that any tests that have not been sent to our office one week prior to your visit will not be discussed at the time of your appointment**
 - If you have a child that may wish to make use of our play area, please also include the *Play Area Waiver* (downloadable from our website).
- We've provided a *Notice of Privacy Practices* on our website. Please review these before signing the appropriate.
- **When scheduling your appointment, please make a window of time available that may be longer than the appointment length. We see a large number of patients from all over Texas and the United States, many of whom have special needs. Each patient takes a different amount of time, and while we do try to run on time, please understand that circumstances do not always allow this.**

When you send your information back to us, please mark it "Attention Lori / Kam." Again, we look forward to your upcoming visit. Please don't hesitate to call our office if you have any questions. Thank you for choosing the Allergy and Asthma Treatment Center and Dr. Rao!

Appointment Cancellation Policy

All Cancellations of existing appointments have to be made at least by 9:00 am of the prior business day. (For example, an appointment scheduled for 2:00 pm on Wednesday should be cancelled by 9:00 am on Tuesday.) You may speak to a staff member, leave a voice mail message or send us an email/fax requesting a cancellation.

Failing to do so will make it necessary for us to charge a cancellation fee of \$75.00 to your account. This fee is not negotiable.

I have understood the appointment cancellation policy of your office. I will pay a cancellation fee if applicable.

Consent to Obtain Patient Medication History

Patient medication history is a list of prescription medicines that our practice providers, or other providers, have prescribed for you. A variety of sources, including pharmacies and health insurers, contribute to the collection of this history.

The collected information is stored in the practice electronic medical record system (EHR/EMR) and becomes part of your personal medical record. Medication history is very important in helping healthcare providers treat your symptoms and/ or illness properly and in avoiding potentially dangerous drug interactions.

It is very important that you and your provider discuss all your medications in order to insure that your recorded medication history is 100% accurate. Some pharmacies do not make drug history information available, and your drug history might not include drug purchased without using your health insurance. Also over-the-counter drugs, supplements, or herbal remedies that patients take on their own may not be included.

I give my permission to allow my healthcare provider to obtain my medication history from my pharmacy, my health plans, and my other healthcare providers.

By signing this consent form you are giving your healthcare provider permission to collect and giving your pharmacy and your health insurer permission to disclose information about your prescription that have been filled at any pharmacy or covered by any health insurance plan. This includes prescription medicines to treat AIDS/HIV and medicines used to treat mental health issues such as depression.
