Supplement Policy

Any supplements purchased in our office after March 1, 2009 will not be billable to any insurance company. We will continue to offer them to our patients that use them for purchase. Payment for these supplements is due at the time of their receipt.

The change of policy has been made necessary because of the shift in the policy by some major insurance companies. They consider these to be non-billable medications. No superbills will be provided with any ICD-9 or CPT codes. You are required to sign a waiver that you will not file these charges to your insurance company.

Supplement Waiver

I, _____, a patient or parent of a patient of Dr. Seshagiri Rao, understand the above policy, fully consent to comply with it, and agree not to file charges for supplements purchased in Dr. Rao's office with my insurance company.
