

Payment for Services

Redi-Nurse will accept most forms of payment: Insurance, Private, and Medicare. Some times the level of and type of service determines who will pay for the services. You can contact our office and we will be happy to explain the criteria.

Redi-Nurse is a preferred provider to most long-term care insurance companies. We also work with many of the third party case management administrators throughout the United States. In order to accommodate our patient's needs, our goal is to bill their insurance companies in which they hold policies.

We work with most Long Term Care Insurance Plans plus Medicare Advantage Plans. Redi-Nurse will make every effort to meet our patient's needs in billing their insurance companies. We have provided a partial list of insurance companies we have worked with in the past. This list may not reflect all current providers. If your particular insurance company is not listed, please call our office to determine if we are able to bill your company.
