To give you the superior workmanship you deserve and to maintain our high standard of service it will be necessary for you to do these few things in your kitchen, bathroom and bedrooms before treatment is begun.

KITCHEN

Remove everything from inside upper and lower cabinets and drawers so that they are bare. Sink and drain board areas must be completely bare. If shelves are to be washed, wash before treatment. (Not after)!

Place all the above articles in center of floor or on table away from wall and cover with sheet, blanket, or other suitable material. (Not newspaper).

BATHROOM

Remove all items from inside medicine cabinet, and all other storage areas. Remove toothbrushes from toothbrush holder and cover with towels or linens.

BEDROOMS

Remove all drawers from dressers, chest of drawers, etc. (Do not empty them).

OTHER INSTRUCTIONS

Remove all Dogs, Cats, Birds, Fish and other Pets from the premises, including all indoor plants. Sigler Pest Control assumes no liability for well being of pets.

The treatment requires that the quarters be vacated for four hours.

Thank You.
