

**For patients undergoing anesthesia,
a few reminders before your surgery:**

- Please do not eat or drink anything after midnight on the night before surgery.
- Please wear comfortable clothing, and a short-sleeved shirt to surgery.
- Please remember that your escort, who must be 18 years or older, must arrive with you to surgery, and remain with vehicle in order for us to treat you.
- Payment is due, in full, on the day of surgery. We will ask that you make your payment before surgery since you are being sedated. If you plan to pay your balance by personal check, please note that we do not accept checks for over \$2,000.00.

Thank you for your cooperation!
